

(j)CLAIMS

What we claim is:

Claims 1-5 (canceled)

6.(new) Use of a part to which is affixed an appendage and which part is used to mate with a part embedded in a toy, wearing apparel, accessories, personal effects, home furnishings.

7.(new) Use of a system consisting of sets of snaps, one part of which has affixed to it an appendage which uses a character, fictional or real, is decorative, informative, amusing or expressive of an emotion, and which part is used to mate with the other part of the sets embedded in a toy, wearing apparel, accessories, personal effects, and home furnishing, allowing interchangeability of appendages.

8.(new) Use of a system consisting of sets of magnetic and "magnetic attractive" mates, one of which has affixed to it an appendage which uses a character, fictional or real, is decorative, informative, amusing or expressive of an emotion and which is used to mate with the other part of a set embedded in a toy, wearing apparel, accessories, personal effects, and home furnishings, allowing interchangeability of appendages.

9.(new) Use of a set of snaps to close a circuit.

10.(new) Claim of No.7 in which the sets of snaps are used to close self-contained circuits to energize chips which produce light or sound.
